J.R. Miller & Associates Awarded Professional Consulting Services for Port Angeles Transfer Station Facility Evaluation Engineering Services

Portland, OR (November 8, 2021) — [JRMA \(J. R. Miller & Associates, Inc.\)](#), a leading architectural and engineering firm specializing in the design of solid waste and recycling facilities, including transfer stations, materials recovery facilities (MRFs), and anaerobic digestion/biogas plants (AD), is pleased to announce that they have been awarded a contract for Professional Consulting Services for Port Angeles, Washington.

JRMA will complete a detailed facility conditions and operational assessment of the Port Angeles solid waste facilities that includes Port Angeles Transfer Station, Port Angeles Compost Facility, Moderate Risk Waste Facility, and Blue Mountain Drop Box and Recycle Center Operations. JRMA will provide the City with a clear understanding and inventory of the of its solid waste facilities and assets. JRMA has partnered with Herrera, Design West, Dave Edwards & Associates, and Bell & Associates to provide all the needed resources to complete this project.

About JRMA
